Diseases of the Liver .- By D., Price.

The number of people laboring under affections of the Liver, Kidneys and Langs, are incredible; and by far the greatest majority of them scarcely have a suspicion that such a difficulty exists in the slightest degree. Aithough they seldom feel well, they are loth to believe that anything serious may arise from it. Diseases of the liver produce a great variety of symptoms, and those symitoms are all considered as seperate and distinct diseases and treated as such by doctors, because ignorant Nosologists have done so before them. WARRANTED FOR FIVE YEARS. The Oldest Establishment in the United States!

THIRTY THOUSAND Of these instruments are now in use mostly in the United States and Canada, also in Europe, Asia, Africa, South America, and the West Indias, and from all these

quarters we have the most flattering testimonias of the high estimation in which they are held. At all Indus-trial Exhibitions, they have invariably been Awarded the Highest Premium! whenever exhibiting in competition with others. We

shall take pleasure in forwarding by mail (at our own expense) our litustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings. CAUTION!!

We daily see advertisements of some new reed in-strument, (with strange name,) purporting to be supe-rior to Melodeons and School Organs. A new exterior and a new name will naturally aftract attention; but the public will bear in mind that all Reed Instruments, now manufactured in the United States and Canada, ore as near as they can be made without infringing our patents, copies of our own.

The following facts demonstrate that these Machines comprise the HIGHEST IMPROVEMENTS IN THE SEWING MACHINE ART, VIZ-1. Each Machine is guaranteed to give better sat-

isfaction than any other Sewing Machine in Market, or money refunded. They have taken many of the HIGHEST PREMIuns at the most important EXHIBITIONS and FAIR's ever held in the United States. 3. They make the LOCK STITCH alike on both sides-trus saving more than half the thread and silk used in the raveling ridge-seams of the loop-stitch and single-thread Sewing Machines. 4. They are adapted to the widest range of heavy

and light sewing. 5. They have no rattling wires, or delicate attachments to keep in repair. 6. They require no taking apart to clean or oil and no "Lessons" to set needle, regulate ten- n12-1y sion, or operate Machine. Please call and examine and demonstrate for
